

## INDOSAT ISSUES ADJUSTMENT TO SUBSCRIBER NUMBERS

### No impact on financial performance

Jakarta, July 22, 2010: PT Indosat Tbk (“Indosat” or the “Company”) (Ticker: ISAT: IDX, IIT: NYSE) has issued a restatement of its cellular subscriber base as at 31 March 2010 from 39.1 million to 37.7 million.

This discrepancy arose during the compilation of data from multiple reporting systems. Indosat confirms that the adjustment has no impact on the customer experience, network quality or access, the Company’s revenues or costs, or its position as the second-largest cellular operator in Indonesia. The Company is implementing changes in its processes and IT platform to address this issue. The same issue resulted in an over-reporting of subscribers in the second and third quarters of 2009.

The following table sets out the adjustments to subscriber numbers, ARPU and Minutes of Usage in 2009 and the first quarter of 2010:
